NSDL UPDATE

April 2012

NSDL - Trusted by more than One Crore account holders

Visit by delegates representing countries from Africa and Asia to NSDL on March 14, 2012

Settlement fee on transactions in mutual fund units in the Depository system

In order to facilitate transactions in mutual funds units through stock exchange platform, NSDL has enabled holding of mutual fund units

in dematerialised form. To encourage investors to hold mutual fund units in the depository system, NSDL has decided to continue not to charge any fee to Participants in respect of transactions in mutual fund units held in the Depository system till September 30, 2012.

(Ref: Circular No. NSDL/POLICY/2012/0037 dated March 26, 2012)

NCDO/NISM training / certification programmes for Participants

NSDL has made arrangements with NISM to facilitate staff of Participants to get certified for NISM-Series VI Depository Operations Certification Examination (DOCE) as per SEBI requirements. A training programme is conducted by NSDL for Participant's staff followed by NISM-Series VI-DOCE online test

TOPIC OF INTEREST

Know more about e-Voting system of NSDL

(Continued from March 2012 issue)

11) Once I cast my vote on e-Voting System, can I modify my vote before the closing of e-Voting cycle?

Ans. No. Vote once casted will be considered final and cannot be modified.

12) Voting on selective resolutions is permitted in Postal Ballot. Is the same available in the e-Voting system as well ?

Ans. Yes. Since a shareholder can decide to vote only on some of the resolutions put to vote, that right can also be exercised in e-Voting system as well.

13) Can I reuse the password received for the first time by me for e-Voting?

Ans. No. The e-Voting system will force the user to change the password during the first login. This feature has been provided for security reasons.

14) How will the results be made available at the end of the voting period?

Ans. The Scrutinizer will collate the votes downloaded from e-Voting system and votes received through other means to declare the final results for the resolutions placed for voting by the Issuer.

15) How will I know if e-Voting website is secured?

Ans. If you are visiting the website with a secure connection, you will be able to identify the website through the site's certificate. A secure or encrypted website address will begin with HTTPS rather than HTTP, and you will see a lock icon in the Address bar. Secure connections use certificates to identify the website and to encrypt your connection. You can also click the lock icon in the Address bar to see more information about the secured website.
