Account Opening Charges

SEBI through its circulars have informed its Participants that “No investor shall be required to pay any charge towards opening of Beneficiary Owner (BO) Account except for statutory charges as may be applicable”. Further, the agreement to be executed between the person seeking to open an account with the Participant and the Participant was replaced with a common document “Rights and Obligations of the Beneficial Owner and Depository Participant”. Thus, no statutory charges related to execution of the Participant Client agreement are required to be incurred.

During the inspection of Participants, it was observed that some of the Participants are charging to Beneficiary Owners welcome kit, internet kit, stationery charge, documentation charges, etc., at the time of opening of demat account. In this context, Participants are advised to ensure that no charges are imposed on the Beneficial Owners towards account opening and ensure compliance with the SEBI circular. Further, Participants must also file revised tariff structure with NSDL, if necessary, for updation on the NSDL website.

IDeAS annual fee on financial year basis

NSDL provides common internet facility called IDeAS, which facilitates investors to view latest balances alongwith the value and transactions in their depository accounts. The annual fee for IDeAS is being charged to the Participants on calendar year basis (i.e. January to December) and included in the monthly bill of December every year. Based on the suggestions/feedback received from the various Participants, it has been decided to charge annual fee related to IDeAS facility on financial year (FY) basis and included it in the monthly bill of March. Since the annual fee for calendar year 2015 is not charged so far, the annual fee IDeAS will be charged to the Participants for the period from January 1, 2015 to March 31, 2016 and will be included in the monthly bill of March 2015.
