'Off-market' transfer of securities by Foreign Portfolio Investors (FPIs)

With a view to provide tax incentives for relocating foreign funds to International Financial Services Centre (IFSC) to make the IFSC in GIFT City a global financial hub, SEBI has decided that a FPI ('original fund' or its wholly owned special purpose vehicle) may approach its Designated Depository Participant (DDP) for approval of one -time 'off-market' transfer of its securities to the 'resultant fund'.

The DDP after appropriate due diligence may accord its approval. Relocation request will imply that the FPI has deemed to have applied for surrender of its registration and the DDP may be guided by the guidelines pertaining to surrender of FPI registration. The 'off-market' transfer shall be allowed without prejudice to provisions of tax laws and FEMA.

DDPs and Custodians are requested to take note of this. Participants are required to forward the audit report as per schedule given below to NSDL.

e-Voting Facility

In order to increase the efficiency of the voting process, SEBI has decided to enable e-voting for all individual demat account holders by way of a single login through their demat account / depository's website / Depository Participants. Demat account holders would be able to cast their vote without having to register again with different e-Voting Service Providers. This shall be implemented in a phased manner.

Accordingly to enable individual shareholders to login and cast vote through their demat account, NSDL services have been enhanced. Process of login for Individual shareholders holding securities in demat mode with NSDL is provided as Annexure to circular. Issuer companies are required to incorporate this in their notice.

The listed companies are also required to provide details of the upcoming events requiring voting to the Depository. The depository will send SMS/email alerts to demat account holders at least 2 days prior to the date of the commencement of e-voting. In order to facilitate listed companies to provide details of upcoming events requiring voting, NSDL's Issuer Services Portal has been enhanced to include e-Voting feature. Issuers can access this enhanced feature w.e.f. May 31, 2021.

All the Issuers are requested to use the Issuer Portal <https://issuer.nsdl.com/> for providing the information about upcoming events requiring voting.

Issuers who are already registered in Issuer Portal, can use existing login credentials to access e-Voting feature for providing details of upcoming events requiring voting). Those Issuers who have not yet registered can register themselves at the earliest.
