Instructions

For private circulation only

January 2001

Vol: 200001, Issue: 03

Reduction in settlement fees charged on the clearing member (broker) accounts

With effect from January 1, 2001, the minimum fee charged to DPs per quarter per CM account for pay-outs received by Clearing Members is reduced to Rs. 1000/- from Rs. 2000/-. The maximum ceiling per quarter per CM account continues to remain at Rs. 20,000/-. The fee is charged at the rate of 0.002% (0.2 basis points) subject to the above ceiling.

Addresses where certificates/Demat Request Forms have to be sent for demat are now available on NSDL web site at www.nsdل.сo.in

NSDL's web site has been enhanced to provide the addresses of the Registrar and Transfer agents where the certificates/Demat Request Forms have to be sent for demat.

Transfer of securities from one CM Pool Account to another CM Pool Account

NSDL's software has been enhanced to allow transfer of securities directly from one CM Pool account to any other CM Pool account. A separate delivery instruction slip is prescribed for this purpose. With this, a Clearing Member can now transfer securities from its account to any other Clearing Member's account of any stock exchange.

More frequent updation of information at DPs service centre

NSDL's software has been enhanced to allow a DP to extract incremental transaction data from the depository software module multiple times in a day. This will enable the DP to update its service centre with the latest transaction data by giving such information multiple times in a day through the back office of a DP. This will help the service centre of a DP to service the customer with the latest information wherever the concerned DP has connectivity and an adequate back office.

NSE exempts registration fee of Rs. 200/- for promoting NCFM

In order to promote NCFM, NSE has exempt the registration fee of Rs. 200/- for candidates seeking registration for NCFM during the calendar year 2001. Prior to this, a candidate was required to pay Rs. 200/- as one-time fee registration fee for NCFM and Rs. 500/- for each test at the time of enrollment for a specific module (viz; NSDL - Depository Operations Module, Capital Market Basic Module, etc.). Now, a candidate will be required to pay only Rs. 500/- as enrollment fee each time the candidate seeks testing and certification.

Topic of Interest

Future Dated Instructions

Future Dated Instructions

NSDL has a facility in its software whereby an account holder can choose the date on which its account will be debited. The account holder must simply mention this date against the "Execution Date" column in the Delivery Instruction slip. The instruction will be booked in the central system of NSDL immediately on entry by the DP, but will be effected only on the execution date. In other words, the account of the investor will be debited only on the execution date.

For eg; a investor who sells shares on Monday (Jan 15) can give a delivery instruction slip to its DP on Tuesday (Jan 16) with an execution date of next Monday (Jan 22). The DP will enter this instruction either on Tuesday (Jan 16) or Wednesday (Jan 17), but the shares will be debited from the account only on next Monday (Jan 22).

The investor can use this facility by issuing instructions immediately on confirmation of sale by the broker with future execution date. This facility is particularly useful for investors having accounts at locations where DPs do not have direct connectivity to NSDL's central system.
