Revision in NSDL charges

Vol., 2000

Issue : 07

*For
private circulation only*

July 2000

SEBI directive on Account Opening

The Securities and Exchange Board of India has issued guidelines for the due diligence needed for opening of depository account.

- (a) A beneficiary account must be opened only after obtaining a proof of identity of the applicant. The applicant's signature and photograph must be authenticated by an existing account holder or by the applicant's bank or after due verification made with the original of the applicant's valid passport, voter ID, driving license or PAN card with photograph
- (b) The account opening form should be supported with proof of address such as verified copies of ration card / passport / voter ID / PAN card / driving license / bank passbook. An authorised official of the Participant, under his signature, shall verify the original documents.

SEBI has also directed all Participants to immediately verify the accounts of all the beneficiary owners who have opened accounts with them and confirm in writing to NSDL, within 30 days of receipt of the aforesaid letter, that Participants have fully complied with the abovementioned procedure in all the cases.

In case any account holder fails to produce the original documents for verification within the aforesaid period of 30 days, it must be immediately brought to the notice of NSDL. Failure to produce the original documents within the prescribed time would invite appropriate action against such account holders, which could even include freezing of their accounts.

Automatic delivery out instructions

NSDL released a new version of its application software in July. The new version contains a feature for generating automatic delivery-out instructions. It will eliminate the need for a clearing member to submit a written delivery instruction separately for each settlement, except for non parri passu shares/multiple ISINs and irreversible delivery out instructions. Delivery out instructions for moving the securities from clearing member pool account to the clearing corporation/clearing house (CC/CH) can be generated automatically by the respective CC/CH based on the net delivery obligations of its clearing members. This would reduce the work load both at DP's office and at clearing members office, thus improving the efficiency of the depository system. The clearing members need to authorise the respective CC/CH for this purpose.

Four stock exchanges viz. ASE, CSE, BSE & BGSE have already activated this feature. Other exchanges are expected to activate this in near future.

NSDL revises its charges

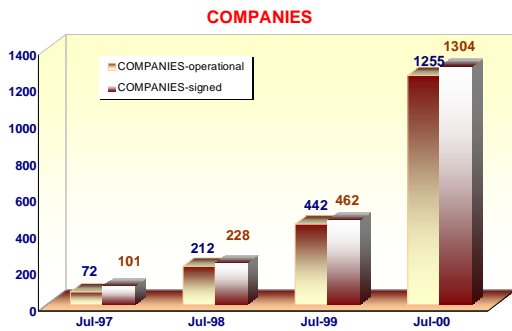

During the past three and half years of its operations, NSDL has revised the charge structure from time to time to pass on the benefit of higher volumes to the users of the depository. In line with this, NSDL has decided to revise the charge structure further. The new charge structure would be effective from September 1, 2000. The details of the revised charge structure are provided on Page No. 23.

NEWEST UPDATE

Performance Summary

Companies:

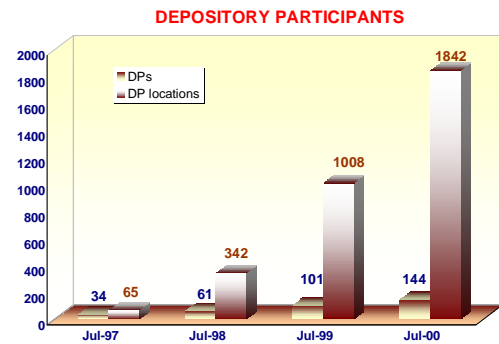

As on July 31, 2000, 1304 companies have signed agreements with NSDL. Out of these, demat facilities are available for securities of 1255 companies.

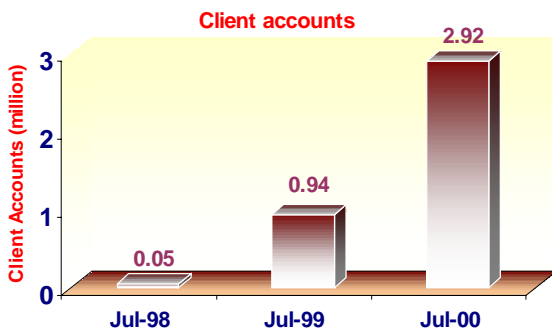

INDEX	TOTAL SCRIPS	JOINED NSDL
S&P CNX NIFTY	50	50
CNX NIFTY JUNIOR	50	50
CNX 200	200	196
CNX 500	500	486

Topic of Interest

Revision in NSDL charges

The details of the revised charge structure are as follows.

Transaction Charge

NSDL charges 2 basis points on the value of net delivery given by a clearing member from the CM pool account to the clearing corporation (CC)/ Clearing House (CH) and 2 basis points on the value of net delivery received from the CC/CH to the CM pool account. It has now been decided to charge 2 basis points for only debits to the client account with no charge for the corresponding credit to any account. This would also apply to off-market transfers, which would mean a reduction of 50%. A fee of 0.2 basis points (0.002%) for transfer of securities from CC/CH to CM pool account subject to a minimum of Rs. 2000/- and a maximum of Rs. 20,000/- per quarter per CM will be charged. There will be no charge for the transfer of securities from CM pool account to CC/CH. Further, there will be a charge of 2 basis points for inter-settlement transfer in the CM pool account.

Pledge

Existing charge of 10 basis points levied for invocation of pledge has been reduced to 2 basis points. However, there will be a charge of 1 basis point each for creation and release of pledge.

Remat charges

The remat charges have been reduced from 10 basis points or Rs 10 per certificate, whichever is higher, to 2 basis points or Rs.10 per certificate, whichever is higher.

Stock lending and borrowing

The charges on stock lending has been reduced from 4 basis points to 2 basis points for transactions of periods up to 3 months and from 8 basis points to 4 basis points for transactions of period beyond three months.

Non- cash corporate actions.

At present, NSDL charges the issuing companies 4 basis points or Rs. 20 per record which ever is lower. This charge has also been reduced to 2 basis points or Rs. 20 per record which ever is lower.

There is no change in any of the other charges such as annual fee, entry fee and custody fee payable by the participants.
